

Exclusive to Notman Pasture Seeds

VIBE

ITALIAN RYEGRASS

Vibe is a persistent and high-yielding diploid Italian ryegrass. Vibe showcases strong persistence even in harsh conditions, bouncing back from hard grazings. A consistently high performer, Vibe maintains pasture quality well into early summer with late heading and minimal aftermath heading. Ideal for use as a short term, high quality feed, or for direct drilling into damaged or run-out pastures.

Agronomic traits

- ✦ Ploidy: Diploid
- ✦ Persistence (months): 18-30 *
- ✦ Heading date: Late
- ✦ Rust resistance: 8 **
- ✦ Aftermath heading: Low
- ✦ Minimum rainfall (mms): 600+ or irrigation
- ✦ Sowing rate (kg/ha): 20-30

* Subject to management and climatic conditions

** 1= Susceptible 9 = Resistant

Animal safety

Recommended for:

Dairy

Beef

Sheep

Exclusive to Notman Pasture Seeds

VIBE

ITALIAN RYEGRASS

BENEFITS

- › Very persistent, even under harsh management conditions
- › Safer to animals - won't cause grass staggers or heat stress
- › Late heading for carrying pasture quality longer into spring
- › Very low aftermath heading (returns to vegetative state quickly after heading)
- › Silage and hay options
